B cell

adult endothelial progenitor cell

myofibroblast cell

myoepithelial cell

Homo sapiens

pericyte cell

arterial system smooth muscle

T cell

smooth muscle tissue of respiratory bronchiole

type II pneumocyte

respiratory bronchiole

pulmonary alveolar parenchyma

type I pneumocyte

smooth muscle tissue of terminal bronchiole

basal cell of epithelium of terminal bronchiole

serous cell of epithelium of terminal bronchiole

dense-core granulated cell of epithelium of trachea

serous cell of epithelium of trachea

tracheal goblet cell

basal cell of epithelium of trachea

pulmonary artery endothelial cell

trachea blood vessel

trachea gland

smooth muscle cell of trachea

trachea cartilage

smooth muscle of trachea

epithelium of trachea

pulmonary capillary

pulmonary lymphatic vessel

upper lobe of right lung

middle lobe of right lung

lower lobe of right lung

lobar bronchus mesenchyme

pulmonary alveolar duct

lung neuroendocrine cell

lung goblet cell

pulmonary lobule

pulmonary ionocyte

mucous gland of lung

visceral pleura

epithelium of lobar bronchus

segmental bronchus

bronchioalveolar stem cells

lobar bronchus vasculature

upper lobe of left lung

lower lobe of left lung

pulmonary artery endothelium

endothelial cell of artery

bronchial artery

bronchial vein

blood vessel smooth muscle cell

lymphatic vessel smooth muscle cell

fibroblast of pulmonary artery

smooth muscle cell of the pulmonary artery

venous system smooth muscle

inferior thyroid vein

respiratory system venous smooth muscle

left pulmonary artery

right pulmonary artery

endothelial cell of lymphatic vessel

pulmonary vein

inferior thyroid artery

trachea

respiratory system lymphatic vessel endothelium

respiratory system arterial endothelium

respiratory system venous endothelium

respiratory system lymphatic vessel smooth muscle

respiratory system arterial smooth muscle

right lung

basal epithelial cell of tracheobronchial tree

left lung

tracheobronchial smooth muscle cell

bronchial smooth muscle cell

cartilage of main bronchus

brush cell of tracheobronchial tree

tracheobronchial chondrocyte

bronchus smooth muscle

bronchoalveolar duct junction

ciliated cell of the bronchus

club cell

bronchial-associated lymphoid tissue

right main bronchus

left main bronchus

serous cell of epithelium of bronchus

ciliated columnar cell of tracheobronchial tree

vasculature

respiratory system
